

**APPENDIX J**  
**Exposure Response Modeling with Chronic Toxicity Data**

### 24-3: Generational Survival in *Salvelinus fontinalis* exposed to Methylmercuric chloride

### 25-1: Survival in Pimephales promelas exposed to Mercury

### 25-3: Development in Pimephales promelas exposed to Mercury

### 35-1: Survival in Pimephales promelas exposed to Lead

### 35-2: Development in Pimephales promelas exposed to Lead

### 36-1: Survival in Pimephales promelas exposed to Lead

### 36-2: Development in Pimephales promelas exposed to Lead

### 38-1: Survival in Pimephales promelas exposed to Copper

### 39-1: Survival in Pimephales promelas exposed to Copper

# 40-1: Survival in Pimephales promelas exposed to Copper

### 44-1: Survival in *Oncorhynchus tshawytscha* exposed to Cadmium

### 46-1: Survival in *Jordanella floridae* exposed to Cadmium

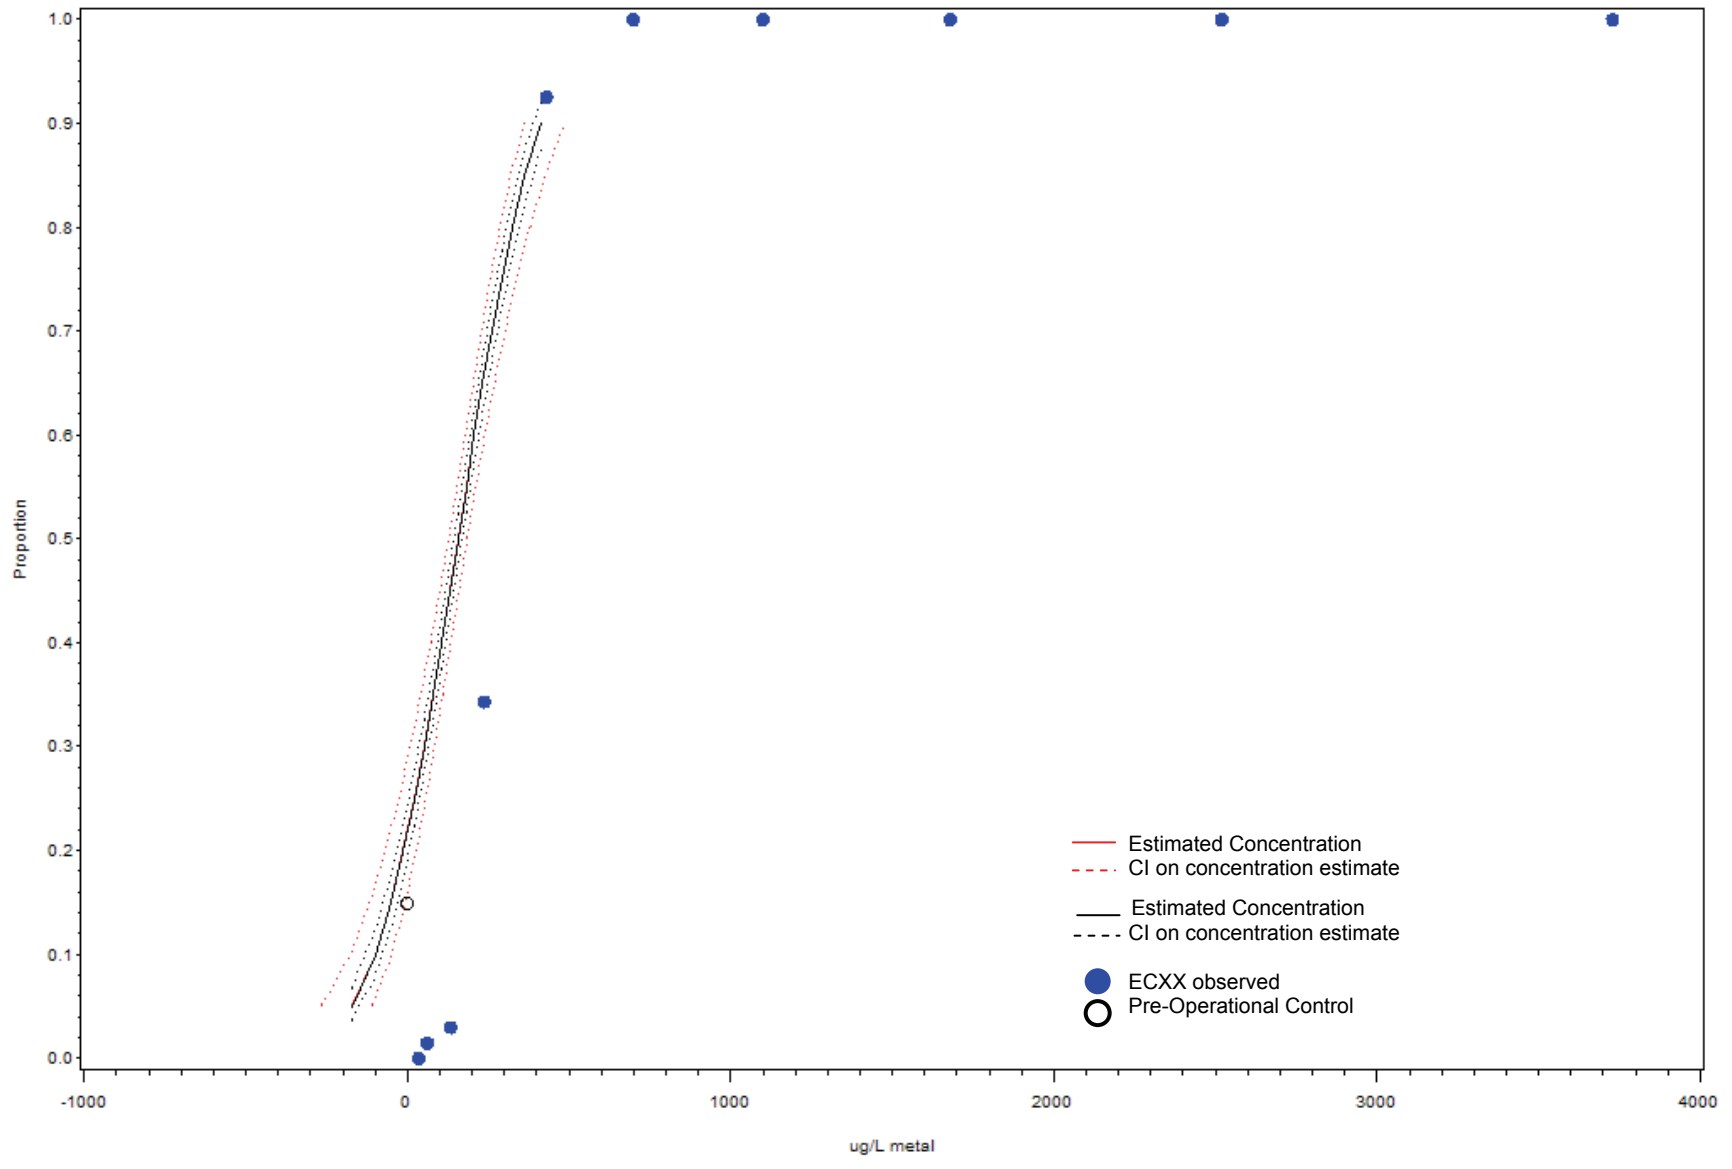

### 54-4: Survival in Pimephales promelas exposed to Nickel

# 55-1: Survival in Pimephales promelas exposed to Nickel

# 56-1: Survival in Oncorhynchus mykiss exposed to Nickel

# 57-1: Survival in *Oncorhynchus mykiss* exposed to Nickel

### 57-2: Survival in *Oncorhynchus mykiss* exposed to Nickel

## 58-2: Survival in *Oncorhynchus mykiss* exposed to Nickel

# 60-1: Generational Survival in *Pimephales promelas* exposed to Chromium VI

# 61-1: Survival in *Oncorhynchus mykiss* exposed to Chromium III

### 61-3: Survival in *Oncorhynchus mykiss* exposed to Chromium III

### 63-2: Survival in Pimephales promelas exposed to Selenium VI

### 63-5: Survival in *Oncorhynchus mykiss* exposed to Selenium VI

## 64-2: Development in *Oncorhynchus mykiss* exposed to Selenium IV

### 65-2: Survival in Pimephales promelas exposed to Selenium IV

### 67-1: Survival in *Jordanella floridae* exposed to Zinc

### 67-6: Survival in *Jordanella floridae* exposed to Zinc

# 68-1: Survival in Pimephales promelas exposed to Zinc

### 68-3: Survival in Pimephales promelas exposed to Zinc

### 68-4: Development in *Pimephales promelas* exposed to Zinc

# 70-1: Survival in Pimephales promelas exposed to Arsenic III

# 121-1: Survival in *Daphnia magna* exposed to Mercury

# 123-1: Survival in *Daphnia magna* exposed to Methyl mercuric chloride

# 124-1: Survival in *Daphnia magna* exposed to Methyl mercuric chloride

### 132-3: Survival in *Gammarus pseudolimnaeus* exposed to Copper

# 133-1: Survival in *Aplexa hypnorum* exposed to Cadmium

### 136-2: Survival in *Clistoronia magnifica* exposed to Nickel

### 138-3: Survival in *Daphnia magna* exposed to Arsenic III
